The Government requires all duties on imports to be paid in Coins, these duties have for a long time past amounted to over a Quarter of a Million of Dollars daily, a sum nearly three times greater than that required in the payment of the interest on all the 5-20's and other permanent Loans. So that it is hoped that the surplus Coin in the Treasury, at no distant day, will enable the United States to resume specie payments upon all liabilities.

For Banking purposes and for investments of Trust-monies the Registered Bonds are preferable.

These 5-20's cannot be taxed by States,

cities, towns or counties, and the Government tax on them is only one-and-a-half per cent, on the amount of income, when the income et the holder exceeds Six Hundred dollars per unnum; all other investments, such as inco from Mortgages, Railroad Stock and Bonds, etc., must pay from three to five per cent. tax Banks and Bankers through will continue to dispose of
